

Yassin kamanyile

Personal Information

Address: Dar es salaam, Tanzania,
Mobile No: +255763023477, +255620349706
Email: yassinheri9@gmail.com
Date of birth: 07/04/1994
Place Of Birth: Mwanza,
Tanzania Nationality:
Tanzanian

Personal statement

2018-July college graduate with software development ,database administration and network administration knowledge, including back-up, security management, e-mail systems and applications support. Most of my time apart from studies I have been working in the Security System Installation, programming activities and application developments, Creation of automatic systems that simplifies the manual works. Deadline-focused Graphic Design Specialist with broad skill range including collateral design, web design and project management.

Personal Skills

- Website and portal monitoring
- Website design and maintenance
- Intermediate level in Micro-controller programming
- Excellent level in Database design and management (SQL and MYSQL) Database ·
- Network design and maintenance
- Refined system debugging skills
- Excellent level in PHP (Laravel Framework) language and PYTHON(Django Framework)
- Excellent in XML, HTML5 ,BOOTSTRAP and CSS3
- Unix/Linux on desktop and server platform
- Microsoft window server
- Data backup and retrieval
- Intermediate level in Network Design and maintenance
- Cyber Security knowledge
- Graphic Design
- CCTV Installation
- Access Control System Installation
- Photovoltaic Solar System Design, Installation and

maintenance Key Competencies

- Experience of problem resolution & quality assurance procedures.
- Extensive experience of planning, project management, design & client liaison.
- Experience of interpreting specifications and preparing technical proposals.
- Ability to multi-task in a demanding engineering environment.
- A strong track record in delivering projects on time and within budget.

- Able to ensure that all Health and Safety procedures are met and maintained.
- Resolving complex technical issues and coming up with fast efficient solutions.
- Ability to assess the financial feasibility and impact of proposed budget items and also alternatives.
- Security operation on servers , database and network
- Physically fit & able to lift IT equipment, crawl under desks to access cabling etc
- Able to communicate complex IT issues to suppliers and non-technical staff
- Ability to work well in a team environment.
- Have a good technical network background.
- Working knowledge of major networking components & hardware components.
- Ability to explain technical issues clearly for non-technical colleagues.

Industrial Training and Field Experience

Field Studies, High Court Of Tanzania

08/2016 - 11/2016

Responsibilities& Achievements

- Ensured network, system and data availability and integrity through preventative maintenance and upgrades.
- Developing Website
- Security operation on network, servers and database
- Computer maintenance
- Provided technical Support for trainees
- Network Configuration and maintenance

Field Studies, Twiga Alpha

03/2017 - 06/2017

Responsibilities& Achievements

- Ensured network, system and data availability and integrity through preventative maintenance and upgrades.
- Computer maintenance on regular basis.
- Network Trouble Shooting and Maintenance
- Software Testing
- Communication lines maintenance
- To perform Security Operation on servers and

database

.

Ivatech infomatics Limited

12/2018 – 10/2020

- Responsibilities& Achievements
 - Ensured network, system and data availability and integrity through preventative maintenance and upgrades.
 - Computer maintenance on regular basis.
 - Network Trouble Shooting and Maintenance
 - Software Testing
 - Communication lines maintenance
 - Security System Installation

- Overseeing the maintenance of projects after completion.
- Responsible for the completion of all documentation.
- Producing Test Plans and reports.
- Security operation and maintenance
- Prepare contract documentation for procurement services and materials.
- Preparing tender documents and providing recommendations.
- Carrying out effective client liaison for all projects undertaken.
- Liaising with customers on a regular basis to ensure the successful design and delivery of products to agreed budgets and time frames.
- Acting as the point of contact for all IT & technical queries.
- To perform Security Operation on servers and database

Gielab Innovations Limited

04/2022 -

Responsibilities& Achievements

- Ensured network, system and data availability and integrity through preventative maintenance and upgrades.
- Research, designing and implementing software programs
- Deploying software tools, processes and metrics
- Maintaining and upgrading existing systems
- Training users
- Computer maintenance on regular basis.
- Network Trouble Shooting and Maintenance
- Software design Testing
- Communication lines maintenance
- To perform Security Operation on servers

Academic Qualification

ST. JOSEPH UNIVERSITY IN TANZANIA

2014 – 2018

Undergraduate degree

Bachelor Degree in Computer Science and Engineering: .

KAHORORO SECONDARY SCHOOL

2012 - 2014

A-Level:

TAQWA SECONDARY SCHOOL

2009 - 2011

Projects

- Project name: House Rent and Route location System
Year: 2017
Status: College min Project
- Project name: Intruder Detection Based Image Processing Using Android Application
Year: 2018
Status: College Final Year Project.
- Project name: Probate Case and Archive Management System
Year: 2022
Status: Temeke District Court.
- Project name: Inventory Management Sytem
Year: 2022
- Project name: School Management System
Year: 2022
Status: Gielab Innovation and Technology.
- Project name: Fleet Management Ssytem
Year: 2022
Status: Gielab Innovation and Technology

Certificate

- Critical Information Infrastructure protection from Commonwealth
- Solar Photovoltaic(PV) System Design, Installation and Maintenance ·
- Ordinarily Level Certificate
- Advanced Level Certificate
- Bachelor Degree Certificate
