Dear

Sir/Madam

RE: APPLICATION FOR INTERN INFORMATION AND COMMUNICATION
TECHNOLOGY OFFICER

As the heading explaining above, I am applying for Intern Information technology and communication Officer I was highly impressed by the requirement and qualifications for the vacancy which match exactly my academic qualifications.

I have a bachelor degree of Computer Science and Engineering from St. Joseph University in Tanzania. I am having a good working experience gained through working as an employee with different companies. Having that working experience and academic qualifications as required by IT officer, I feel to be the right candidate for the vacancy and I will be able to attend all the duties and responsibilities at high performance if I will be given the chance.

I am having good skills especially Intermediate level in Database design and management (SQL and MYSQL) Linux sever administration, Website design and maintenance, Excellent in PHP(laravel framework) and PYTHON(Django Framework), HTML5 „BOOTSTRAP4 and CSS3, Graphic Design, Intermediate Network maintenance, Cyber security ,CCTV Installation and Access Control Installation. I am very friendly, well presented, having good time management, meeting the deadline on time, excellent oral and written communication skills and Good Corporation with others. I have attached education certificates and detailed resume (C.V) filled properly which shows my education background, working experience, names of referee and their contacts, and other personal skills.

I am looking forward to receive a positive response from you.

Your's Faithfully

Yassin Kamanyile
